GUARDIAN
HELICOPTERS, INC.
Professional. Versatile. Personal.

HOW CAN GUARDIAN HELICOPTERS SERVE YOU?

Guardian Helicopters, Inc. (GHI) provides friendly, professional and high-quality service—with safety as its paramount concern. With GHI's extensive fleet and versatile, experienced pilot force, no job is too big or too small. All operations are supported in the field by an expert team of highly-trained ground crew, mobile engineers and mechanics.

≈ FIRE SUPPORT SERVICES ≈

Guardian Helicopters, Inc. is an established regional and national provider of tactical fire support services, with numerous aircraft on contract with the U.S. Forest Service and other governmental agencies. GHI's fire support services include:

- Air Attack, Containment & Suppression
- Fire Mapping, Reconnaissance & Spotting
- Infra-Red Imaging for Hot Spots
- Fire Line Patrol
- Troop & Equipment Transport
- Aerial Incendiary Dropping
- Controlled Burn-offs
- Search & Rescue

≈ PRECISION LIFTING ≈

Aerial lifting is a cost-effective alternative for the placement of construction materials (such as concrete, steel, timber and gravel) or large equipment in restrictive urban and remote locations. With its experienced team using the most advanced technology for external load operations, GHI is at the forefront of this specialized field. GHI's highly-trained pilots can perform multiple lifts under a range of conditions, while its operations personnel calculate the load breakdowns, select the right staging area and work closely with the pilot to optimize safety and efficiency.

- Solar Panel Placement
- Transportation
- Equipment & Other Heavy Lifting
- Tower & Roof-Top Construction
- Antenna Construction & Maintenance
- Precision Placement of Building Signage & HVAC Units
